

**Curricula Development and Curricula Revisions
Summary
Academic Years 1986-1987 – 2013-2014**

Academic Year	Curriculum Name/ Title	Revised/New Curriculum	Developed New Courses (Heidie: Blue) (Other Faculty: Green)	Revised Courses (Heidie: Red), (Other Faculty: Green)
1986-1987	Information Science/ Business Applications	New(1) Data Processing	1. BD 150 Intro to Computers 2. BD 201 CICS I 3. BD 202 CICS II 4. BD 229 RPG 5. BD 233 Database Management System	1. BD 151 COBOL 2. BD 152 Advance COBOL 3. BD 228 File Processing and Access Methods
	Information Science/ Telecommunication	New (2) IS/Tele	1. BD 219 Intro to Telecommunications 2. BD 223 Network Design and Operations 3. BD 234 Network Software and Coding	
1990-1991	Computer Information Systems/ Telecommunications	New (3) CIS/Telecom	1. BD 241 Microcomputer Applications 2. BD 246 Structured Programming: Pascal 3. BD 248 Network Installation and Management I 4. BD 250 C Programming 5. BD 258 Network Installation and Management II	1. BD 150 Intro to Computers 2. BD 244 Intro to CICS 3. BD 258 Advanced CICS
	Computer Information	Revised (1)	1. BD 160 Visual BASIC I 2. BD 165 Visual BASIC II 3. BD 170 Internet	1. BD 150 Intro to Info Tech 2. BD 248 Network Install & Management I

1996-1997	Systems/ Telecommunications	CIS/Telecom	4. BD 212 Visual C I 5. BD 213 Visual C II	3. BD 258 Network Install & Management II
2001-2002	Computer Information Systems/ Telecommunications Networking track	New (4) Networking	1. BD 155 PC Repair and Maintenance 2. BD 175 Networking Essentials 3. BD 180 Windows 2000 Professional 4. BD 238 Advanced Networking 5. BD 240 Routing and Switching 6. BD 252 Windows 2000 Server	
	Computer Information Systems/ Telecommunications Programming track	Revised (2) CIS/Telecom	1. BD 177 Java I 2. BD 235 Java II 3. BD 260 Internship	1. BD 150 Intro to Computers
	Computer Information Systems/ Telecommunications Webmaster track	New(5) Webmaster	1. BD 158 Principles of Web Programming 2. BD 168 JavaScript 3. BD 185 Active Server Pages 4. BD 182 E-Commerce Applications 5. BD 245 Database Driven Websites	
	Computer Information Systems/ Telecommunications Computer Forensics track	New (6) Computer Forensics	1. CISF 120 Computer Forensics & Investigation 2. CISF 210 Network Security 3. CISF 200 Disaster Recovery 4. CISF 250 Computer Forensics Internship	
			1. CISN 100 Introduction to Networking	1. CISN 105 PC Hardware 2. CISN 200 Client Operating

2005-2006	Computer Information Systems/ Telecommunications Networking track	Revised (3) Networking Track	2. CISN 110 Basic Network Routing 3. CISN 215 LAN Manage./Switching 4. CISN 220 WAN Mangle/Intermediate Routing	Systems 3. CISN 205 Server Operating Systems
	Computer Information Systems/ Telecommunications Web Programming track	Revised (4) Webmaster		1. CIST100 Intro to IT 2. CIST 106 Software Productivity Tools
2007-2008	Computer Information Systems/ Telecommunications Web Programming track	Revised (5) Web Programming	1. CISW205 Programming with C#	1. CIST100 Intro to IT 2. CIST170 Front Page and Dreamweaver 3. CISW101 Principles of Internet Programming 4. CISW105 Scripting Languages 5. CISN 214 Database Driven Websites II 6. CISN 215 Database Driven Websites II
2010-2011	Computer Information Systems/ Telecommunications Web Programming track	Revised (6) Web Programming	1. CISW 214 Database: SQL 2. CISW 215 Database: Crystal Report Writer	1. CIST100 Intro to Info Tech 2. CIST170 Dreamweaver 3. CISW101 Web Scripting Languages 4. CISW206 Database: ASP
2013-2014	Computer Information Systems/ Telecommunications Web Programming track	Revised (7) Web Programming	1. CISW 215 Mobile App Development 2. CISN 203 Linux Operating System	1. CISW101 Web Scripting Languages 2. CISW 206 Web Data Connectivity using ASP/PHP 3. CISW214 SQL and Report Structure

				4. CIST170 Web Site Dev. Using Dreamweaver
